

Alcoa Wheels For Ford Transit Vehicles

Maximum Performance; Built for Transit Single & Dual

We have taken all of our light weight strength and durability from heavy duty forged aluminium wheels and reinvented it specifically for the Transit single and dual wheel vehicle configurations.

Lower vehicle lifetime operating costs

Reduce wheel maintenance

Lower fuel expenses

Reduce costs from curbing

Aluminium is the green solution. Add all of the benefits up to lower your operating and maintenance costs. Get the finest durability, quality, and style combined with specialty finish options for your Transit vehicle today.

Ford Transit 350 HD (Dual)

Alcoa Wheels For Transit Vehicles

WHEEL SPECIFICATIONS

Alcoa® aluminium disc wheel mounting dimensions are consistent with SAE Recommended Practice J694 June 2007.

Vehicle applications are subject to model year changes. Prior to mounting tires perform a wheel fitment check to ensure clearance from any obstructions.

	Size	Part Number	Approx. Wgt. (mm)	Featured Vehicle Applications	Sold As	SURFACE OPTIONS		MOUNTING SYSTEM				OFFSET		LOAD RATING		Inside Dual Wheel Type	Valve stem	Alcoa® Mounting Hardware Kits
